Maserati
EDITION

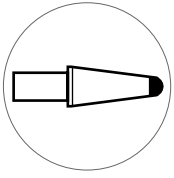

Eccellenza chiama eccellenza. Un importante passo per il progetto Pininfarina Segno nell'universo del design di livello internazionale, suggellato dalla collaborazione di spicco con Maserati, icona globale delle auto sportive e di lusso. La partnership forte di una visione comune e di valori condivisi, dalla continua ricerca della perfezione all'assoluto equilibrio tra tradizione artigiana e tecniche innovative, ha l'obiettivo di creare una linea esclusiva di prodotti nel mondo writing ed accessories che prende ispirazione dai gioielli a quattro ruote del Tridente.

***A call to Excellence.** Pininfarina Segno takes a meaningful step into the realm of world-class international design, striking an alliance with the iconic luxury sportscar firm Maserati. A partnership whose force resides in the common vision and shared values: from the continuous research for excellence in every detail, to the perfect balance between artisan tradition and innovative techniques. The ambitious goal, is to create the most refined set of writing instruments, inspired by the four-wheel jewels of the iconic Trident.*

Anniversary Editions

700TH ANNIVERSARY

Dante Alighieri

Un'edizione esclusiva celebra i 700 anni dalla scomparsa di un autore della letteratura mondiale dall'ineguagliabile fortuna iconografica. Probabilmente nessuno nella storia è stato ritratto al pari di *Dante Alighieri* i cui attributi lo rendono inconfondibile nonostante le diverse rappresentazioni che la storia ci ha lasciato.

An exclusive edition celebrates the 700th anniversary of the death of one of the biggest author of world literature, with an incomparable iconographic success. Probably no one in history has been portrayed in the same way as Dante Alighieri, whose features make him unmistakable despite the different representations that history has left us.

Handwritten text in a cursive script, likely a manuscript or notebook page, partially visible and slightly blurred. The text is written in a dark ink on a light background, and appears to be a mix of Latin and Italian. The script is dense and fills the lower half of the page, with some lines being more prominent than others. The text is oriented horizontally but appears to be part of a larger document that has been tilted or rotated.

Processo di personalizzazione

Il processo di personalizzazione prevede l'incisione del logo cliente sul prodotto e può avvenire con diverse tecnologie, a seconda dei materiali.

Customization process

Customization process includes customer's logo engraving on the product and can be achieved through different technologies due to materials.
